COLLABORATE UTA
QUALITY ENHANCEMENT PLAN

Join our 2021 Professional Learning Community (PLC) Program!

Teamwork is one of the most sought-after skills that employers look for from our graduates, but it is not something that is always done well in our classrooms. For the last four years faculty from across campus have met as part of a Professional Learning Community to develop strategies to enhance and assess teamwork in their courses. We have three groups within the PLC program and we're now accepting applications for the fall 2021 PLC fellows program. For more information on the program contact Dr. Andrew Clark amclark@uta.edu.

Do you have team-oriented projects in your courses? The Student Teamwork Guide is an open access guide to help you make collaborative experience beneficial for both faculty and students. Sections include the Benefits of teamwork; Being a leader and being a follower; What is a team and how can you contribute; Marketing your teamwork experience for future employers.
