*If you apply for admission without these test scores, your application will be evaluated based on high school records such as GPA, class rank, courses taken, and other relevant criteria. However, test scores can help in determining admissions decisions and scholarship opportunities.

**UTA welcomes applicants from non-ranking public or private high schools. You must meet the requirements outlined above and will be considered for admission based on individual review.

**The SAT score is calculated by combining the highest Evidence-Based Reading, Writing, and Math scores. The ACT score is the composite score, which includes the English, Reading, Math, and Science sections. UTA does not require an essay.
