Student Meeting (6:00 PM)

1. BRW presented the UC project PowerPoint presentation and discussed campaign and needs. We received the following student feedback:
 - Provide views near the Connection Café.
 - Where will the elevators be located? Response: Elevator locations will be located based on code requirements.
 - Be sure renderings represent all demographics not just able bodied people.
 - Provide a canopy area for outdoor tabling seating.
 - Like the openness of the three-story space.
 - Showing UTA branded wayfinding and graphics very important throughout the UC.
 - Consider side by side images of before and after to get people excited about the new building.
 - Provide a way for labels to pop up and highlight improved features in the building i.e. furniture with laptop plug in capability, UTA branded wayfinding, etc.
 - Tabling: Surveying student body asking what is important to each student providing options to choose from or the ability to add their own. “Ask me anything”
 - Advertising will be in Shorthorn, TrailBrazer, social media, etc.
 - Provide a Student Organization mural somewhere in the rendering.
 - Students love the idea of bringing light to the lower level!
 - Provide a variety of spaces i.e. study, lounging spaces, nap pod chairs, etc.
