PLEASE READ EACH STATEMENT AND INITIAL.

_____ 1. I understand that if I do not participate in the Concentration Portfolio Review, that I will automatically accept a **first failed attempt**. If after the second semester I fail or choose not to go through, I will be asked to change majors.

_____ 2. I understand that the portfolio I present to the faculty for review should reflect a solid understanding of the foundations and commitment within my intended concentration area.

_____ 3. If I choose to attempt a Bachelor of Fine Arts degree and am accepted into my concentration, I understand that I will also be required to participate in a 36 credit hour portfolio review with my faculty to continue in the BFA program. **Currently, Cinematic Arts majors will only have one CPR to undergo, after 24hrs of art studios are completed.*

_____ 4. I understand that if I fail my first attempt at CPR, I will continue taking classes as an Art Intended student, with possible course restrictions, and will have to try a second time to pass CPR the following semester. A second fail would prevent entrance into the BFA or BA program, unless I scored at least 4 meets expectations, and/or have a high enough GPA where I could potentially be moved to the BA (Bachelor of Arts) degree instead. **Art Education can not be completed on the BA degree plan.*
