(Digital) Methodology of the Oppressed: Using Chicana Feminist Theory in the Digital Humanities

Mar 04, 2021

12:30 PM

Center for Mexican American Studies & Woman and Gender Studies

<https://tinyurl.com/TheoryFeminist>

Building on the work of Chicana writers, Dr. Gauthereau will discuss how Chicana Digital Humanities methodology can be used to elaborate what she calls an "archive in the flesh." This theoretical model not only acknowledges the affect embedded in archival digital projects, but also accounts for the lived experience of Chicanx and US Latinx histories.

ASO Cook Off
Instagram Live

This event is purposely for entertainment and settling a battle between the two African countries; Nigeria and Ghana. Both of these countries have been going at it for a while now about who can make the best Jollof rice. Well, Jollof rice itself is such a huge traditional meal for both countries and this event is here to teach our members more about the food and different countries that cater the meal. We are going to do so by learn the origins of the ingredients and why some countries use different spices while making the dish.
