

GOOLSBY LEADERSHIP ACADEMY

About

The Goolsby Leadership Academy is a two year program during junior and senior coursework, which scholars learn to develop and implement strong leadership skills, such as decision making, management, critical thinking, ethics and personal integrity.

The Goolsby Leadership Academy was founded on the principle that people become great leaders when they understand and apply their own talents. Therefore, the focus of the academy is on developing scholars' leadership potential through their distinctive strengths.

During their tenure with the Academy, scholars interact with distinguished business faculty and executive leaders from across the nation who inspire, share their wisdom and mentor the scholars.
