CELEBRATING THE ACHIEVEMENTS OF OUR SCHOLARS

It is with great pride and excitement that we present this latest edition of the GLA Newsletter, which highlights the remarkable achievements and contributions of our talented Scholars. As we continue to work towards our mission of empowering young leaders, we are honored to share the stories of our Scholars and the impactful work they are doing both within and outside the Academy. We extend our sincere gratitude to all our donors and supporters, whose generous contributions have made these achievements possible. Together, we are creating a brighter future for our Goolsby Leadership Scholars and their communities.

In addition to their academic pursuits, our Scholars have actively engaged in a diverse range of extracurricular activities and events. These have included organizing a successful volleyball tournament to raise funds for their Cohort Project, participating in community volunteering initiatives such as litter clean-ups, and attending themed meetings aimed at fostering strong interpersonal relationships within the group. Such well-rounded involvement showcases the Scholars' commitment to personal development and serves as a testament to their dedication to building a cohesive and supportive community.

Scholar Spotlights:

Paul Schrieber

Paul is an accomplished finance Scholar with an internship at Charles Schwab and current position in the DREI department of the College of Business. In addition to his academic and professional pursuits, Paul enjoys a variety of hobbies, including tennis, running, disc golf, playing the saxophone, and reading. He is actively involved in Delta Sigma Pi and Women in Business student organizations and also participates in intramural sand volleyball games. Paul completed a half iron man last October and has perfect pitch, further highlighting his diverse talents. With his exceptional experiences, skills, and interests, Paul is sure to make a significant impact in his future endeavors.

Meet Gloria, an outstanding Scholar pursuing a major in finance. She has a keen interest in the world of finance and has gained valuable experience as a CWEP intern at Lockheed Martin. This summer, Gloria is excited to join Goldman Sachs as an incoming investment banking intern, furthering her knowledge and skills in the field. In 2022, she participated in a financial research project at Bloomberg in New York, showcasing her dedication and passion for finance. When not busy with academics and internships, Gloria enjoys swimming as a hobby.

Gloria Awino

DONATION LINK: Goolsby Academy Gift Fund

Please consider giving to this new Goolsby Academy general gift account. These funds will be used to support Goolsby Leadership Academy events, guest speakers, support to students attending conferences and other areas outside the traditional academic structure.

Gifts to the Goolsby Academy Gift Fund are tax deductible, please consult your tax professional.
