As one of the largest business schools in the nation, the UTA College of Business prepares more than 6,000 students each year for roles as leaders and influencers in the global community.

### We Offer Students:

- Wide selection of degree programs
- Exceptional value
- Accessibility
- Opportunity and flexibility

## YOUR BUSINESS FUTURE

Our students and alumni work for many of the region's top employers. Utilize resources at UTA to launch your career with companies like:

Fidelity Investments  
TD Ameritrade  
Baylor, Scott & White  
KPMG  
Lockheed Martin  
BNSF Railway

Texas Health Resources  
Oncor Electric  
FedEx  
American Airlines  
Bell Helicopter  
GM Financial

## ACCOUNTING

All programs prepare students for professional careers in the public, private, or governmental sector. They provide the education necessary to become a Certified Public Accountant or to attain other professional certifications.

- **Accounting - MS**

This degree is designed for students with an undergraduate degree in accounting. It promotes a deeper understanding of complex accounting issues and their relevance to support better business decisions.

- **Professional Accounting - MPA**

MPA is designed for students with an undergraduate degree in a discipline other than accounting who wish to pursue a professional accounting career. This degree allows one to attain the necessary qualifications needed for professional certifications.

- **Taxation - MS**

This specialized degree is designed for students with an undergraduate degree in accounting who wish to focus within taxation. Students gain skills in identifying, analyzing and solving complex tax issues to add value for various entities.

## BUSINESS ADMINISTRATION

- **Master of Business Administration - MBA**

This is a general business degree designed to prepare current and future leaders across a wide variety of organizations. While there is a common core program covering all key areas of business, degree specializations are available.

**Flexible Concentrations:** Accounting, Business Analytics, Digital Markets, Economics, Finance, Health Care Administration, Information Systems, Management, Marketing, Marketing Research, Operations Management and Real Estate.

**Cohort:** This format offers a team-based approach focusing on one course at a time, three per semester. Offered at UTA Fort Worth each fall. Limited concentration options are available.

## ECONOMICS

- **Economic Data Analytics - MS (STEM)**

This program teaches students to think critically and to solve problems. The students will focus is on how to work with data important in business and government decisions, and logically explain insights gained from analyses.

## FINANCE AND REAL ESTATE

- **Quantitative Finance - MS (STEM)**

Prepares students to meet the demand for financial professionals equipped to implement up-to-date analytical techniques in support of financial decision making. The Sam Mahrouq Financial Markets Lab provides state-of-the-art Bloomberg terminals that students use to make investment decisions.

- **Real Estate - MS**

Students learn financing, property development, appraisal and valuation to understand real estate decision making. A cohort program is taught at UTA Fort Worth.

## HEALTH CARE ADMINISTRATION

- **Health Care Administration - MS**

This program prepares students for leadership administrative roles for the wide variety of organizations in the health care industry. The cohort at UTA Fort Worth begins in fall and the cohort at UTA Dallas begins in spring.

## INFORMATION SYSTEMS & OPERATIONS MANAGEMENT

- **Business Analytics - MS (STEM)**

Students develop strong technical and business skill with emphasis on data-driven decision making. With these abilities students have the right blend of business and technical skills to communicate the narrative of the numbers.

- **Information Systems - MS (STEM)**

Students learn the most current technologies, new skills and new approaches to business solutions that keep pace with industry demands.

## MANAGEMENT

- **Human Resource Management - MS**

This program's graduates are equipped with the knowledge, skills, and attitudes necessary for success as innovative human resource professionals and strategic business leaders.

## MARKETING

- **Marketing Research - MS**

This project-based program is designed to prepare students for careers in strategy development. Students learn to use multiple data sources, including primary research data, secondary sales data, and customer engagement data, to support strategic business initiatives. Graduates move quickly into insights roles where they impact strategy for the most well-known, successful companies in the world.

*The average full-time student will earn their Master's degree in 15-24 months, but can vary based on individual program requirements.*

## PH.D. IN BUSINESS ADMINISTRATION

- Accounting - Ph.D.
- Finance - Ph.D.
- Information Systems - Ph.D.
- Management -Ph.D.
- Management Sciences - Ph.D.
- Marketing - Ph.D.

## GRADUATE CERTIFICATE PROGRAMS

- Health Care Administration
- Real Estate Development
- Taxation
- Entrepreneurship
- Graduate Advanced Studies\*

*\*For those who currently hold a business graduate degree*

## INTERNSHIP PROGRAM

Graduate students are encouraged to participate in internships to supplement and complement classroom education by providing valuable experience and training in their chosen area of expertise. Internships allow students to meet and interact with professionals in the work setting, identify and develop critical professional skills, clarify their own career goals and interests, and gain important contacts for their future.

## GRADUATE ASSISTANTSHIPS

The University of Texas at Arlington's competitive opportunities include graduate assistantships and tuition remission.

## AACSB ACCREDITED

The Association to Advance Collegiate Schools of Business Accreditation represents the highest standard of achievement for business schools worldwide. Less than 5 percent of the more than 16,000 schools worldwide granting business degrees have earned AACSB Accreditation.
