

ADVANCED BUSINESS COURSES & PREREQUISITE CHECKLIST

2024-2025

WHAT IS AN ADVANCED COLLEGE OF BUSINESS (COB) ELECTIVE?

Any junior (3000) or senior (4000) level course of your choosing that is not already a required course on your degree plan. Advanced Business Electives should be from a field other than your major (i.e. Accounting majors cannot use ACCT courses as Advanced Business Electives). You may choose from any of the courses listed below to satisfy your Advanced Business Electives. Keep in mind that Advanced Business Electives should compliment your degree and career path. All business students are required to earn a C or better in their major/concentration coursework; earning a D or F in any major/concentration course puts you at risk of being dismissed from your major.

WHAT IS A PREREQUISITE?

A prerequisite is a course requirement that must be satisfied before you can enroll in a given course. This may include completing a specific course, earning a specific required grade, getting instructor consent, an entrance exam, etc. Prerequisites for each course are listed after the name of the course below. Completion of prerequisites at another institution requires submission of official transcripts to the UTA Admissions Department.

etc. Prerequisites for each course are listed after the name of the course below. Completion of prerequisites at another institution requires submission of official transcripts to the UTA Admissions Department.
