## AWARDS AND HONORS

### *Latin Honors* (S),(M),(C)

The criteria for graduating with honors is based on GPA and completing 45 semester hours in residence at UTA. In general, bachelor's degree candidates will receive Summa Cum Laude honors if their overall GPA is 3.9-4.0, Magna Cum Laude honors if their overall GPA is 3.7-3.899, or Cum Laude honors if their overall GPA is 3.5-3.699.

### *Double Major* †

A student who fulfills the specified requirements for two different majors under a single degree simultaneously prior to graduation completes a double major. One diploma is issued and both majors are recorded on a student's transcript and diploma. In this booklet, the symbol denotes the second major only.

### *Dual Degree* ‡

A student who fulfills the specified requirements for two different majors from different degrees simultaneously prior to graduation completes a dual degree. The student must complete a minimum additional 30 credit hours beyond the degree plan with the greater required credit hours and all prerequisite and field of study courses for both degrees.

### *Honors College* \*

The Honors College is a diverse community of student scholars from all majors who are dedicated to academics, creative activity, research, and service. To graduate with an Honors degree, students must complete the degree requirements for their major, be a member of the Honors College in good standing, maintain a cumulative 3.2 GPA, and complete a Capstone Project.

### *McNair Scholars*

The Ronald E. McNair Post-Baccalaureate Achievement Program is designed to help academically talented students from traditionally underserved backgrounds reach their potential by earning a doctoral degree. Students must maintain a cumulative GPA of at least 3.0 and complete a research internship under the guidance of a faculty mentor, among other requirements.

### *Goolsby Leadership Academy* •

The Goolsby Leadership Academy is for students desiring to develop the skills, behaviors, and perspectives they need to become problem-solvers and ethical leaders in the business world. The Academy admits one cohort each year, and students must be business majors with minimum GPAs of 3.1.

## COMMENCEMENT REGALIA

### *Commencement Mace*

The University of Texas at Arlington mace was designed and created in 2007 by Texas State Artist and Professor David Keens with the assistance of metal art Adjunct Professor Fred Miller. Distinctly non-traditional, the UTA mace is an undulating, artistic design of metal and glass that reflects the traditional symbols of academia in a dynamic and contemporary way. Almost completely made of clear glass, it is only upon closer observation that the University's colors are seen below the UTA seal. Surrounding the seal is a contemporary wreath design symbolizing the pursuit of higher education. Below that is a forged metal nest and etched transparent glass depictions of the institution's past names. The mace overall is a tangible image of history, prestige, formality, creativity, innovation, and the uniqueness of UTA.

### *Academic Dress*

The tradition of the academic costume is believed to have begun during the 12th or 13th century in early European universities. At that time, the clergy composed the majority of the educated class, so academic dress is an adaptation of the cape or mantle—usually made of silk or wool—worn by church dignitaries in religious processions. Over the years, the color and style of the cap, gown, and hood has evolved, with colleges and universities in the United States adopting a uniform code governing academic dress in 1896.

The sleeves of the gowns worn by UTA's baccalaureate candidates are long and pointed, while those of the master's degree candidates are square at one end with a slit at the elbow. The doctoral gown has flowing sleeves with three bars of velvet and a facing of velvet on the front. The doctoral hood differs in design from master's hood, as it has side panels and is slightly longer. The velvet border of the hood indicates the degree and usually follows the same code as the color of the tassels.

The oxford cap, usually referred to as a mortar board, is black and has a long tassel that is fastened by a button on the top. The tassel is moved from the right side of the cap to the left when the graduate receives their baccalaureate degree and remains in that position thereafter. The color of the tassel on the cap indicates the degree.
