## AWARDS AND HONORS

### *Latin Honors* (S),(M),(C)

The criteria for graduating with honors is based on GPA and completing 45 semester hours in residence at UTA. In general, bachelor's degree candidates will receive Summa Cum Laude honors if their overall GPA is 3.9-4.0, Magna Cum Laude honors if their overall GPA is 3.7-3.899, or Cum Laude honors if their overall GPA is 3.5-3.699.

### *Double Major* †

A student who fulfills the specified requirements for two different majors under a single degree simultaneously prior to graduation completes a double major. One diploma is issued and both majors are recorded on a student's transcript and diploma. In this booklet, the symbol denotes the second major only.

### *Honors College* \*

The Honors College is a diverse community of student scholars from all majors who are dedicated to academics, creative activity, research, and service. To graduate with an Honors degree, students must complete the degree requirements for their major, be a member of the Honors College in good standing, maintain a cumulative 3.2 GPA, and complete a Capstone Project.

### *McNair Scholars* s

The Ronald E. McNair Post-Baccalaureate Achievement Program is designed to help academically talented students from traditionally underserved backgrounds reach their potential by earning a doctoral degree. Students must maintain a cumulative GPA of at least 3.0 and complete a research internship under the guidance of a faculty mentor, among other requirements.

### *Goolsby Leadership Academy* ●

The Goolsby Leadership Academy is for students desiring to develop the skills, behaviors, and perspectives they need to become problem-solvers and ethical leaders in the business world. The Academy admits one cohort each year, and students must be business majors with minimum GPAs of 3.1.

## COMMENCEMENT REGALIA

### *Commencement Mace*

The University of Texas at Arlington mace was designed and created in 2007 by Texas State Artist and Professor David Keens with the assistance of metal art Adjunct Professor Fred Miller. Distinctly non-traditional, the UTA mace is an undulating, artistic design of metal and glass that reflects the traditional symbols of academia in a dynamic and contemporary way. Almost completely made of clear glass, it is only upon closer observation that the University's colors are seen below the UTA seal. Surrounding the seal is a contemporary wreath design symbolizing the pursuit of higher education. Below that is a forged metal nest and etched transparent glass depictions of the institution's past names. The mace overall is a tangible image of history, prestige, formality, creativity, innovation, and the uniqueness of UTA.

### *Academic Dress*

The tradition of the academic costume is believed to have begun during the 12th or 13th century in early European universities. At that time, the clergy composed the majority of the educated class, so academic dress is an adaptation of the cape or mantle—usually made of silk or wool—worn by church dignitaries in religious processions. Over the years, the color and style of the cap, gown, and hood has evolved, with colleges and universities in the United States adopting a uniform code governing academic dress in 1896.
