

## Exxat Log in

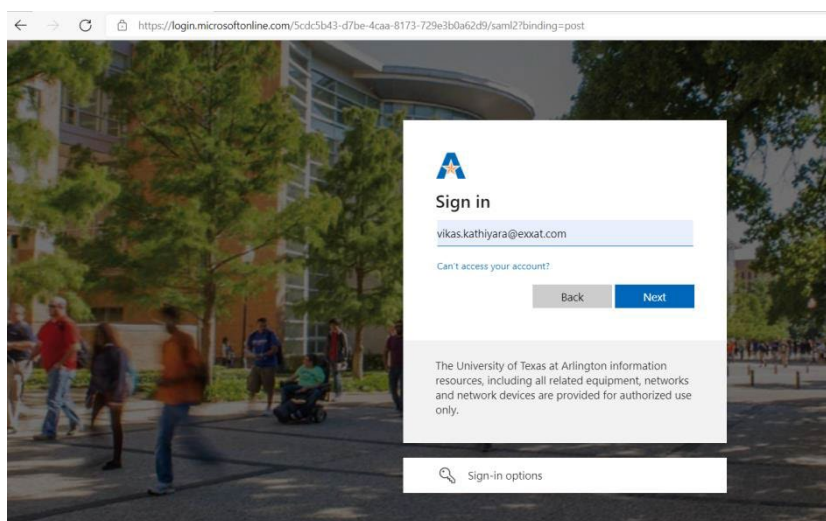

Exxat uses your UTA single sign on. You will not create a separate username/password for Exxat. If you enter your UTA email and you receive a message that the user was not found, please contact Exxat at [v4support@exxat.com](mailto:v4support@exxat.com) so we can troubleshoot the reason for the message.

### Log in procedure.

1. To log in to Exxat, please visit [steps.exxat.com](https://steps.exxat.com)
2. Enter your UTA email address as your username and click next

A screenshot of the Exxat login page. At the top is the Exxat logo. Below it is a 'Username' label with a red asterisk, followed by a text input field with a person icon on the right. A blue 'NEXT' button is below the input field. A note states: 'Note: Internet Explorer browser is not supported. Please use Chrome, Firefox or Safari browser for a better experience.' At the bottom left is a 'TINFOIL SECURED' badge with the text 'Lost secure on: 01/16/23'.

3. After clicking next, you will be redirected to the UTA log on screen. Please enter your UTA username and password.

A screenshot of the UTA sign-in screen. The background is a photo of a university campus. A white sign-in box is centered. It has the UTA logo (a blue 'A' with a star) and the text 'Sign in'. Below that is a text input field containing 'vikas.kathiyara@exxat.com'. A link 'Can't access your account?' is below the input field. At the bottom of the box are 'Back' and 'Next' buttons. Below the box, there is a footer with text about University of Texas at Arlington resources and a 'Sign-in options' link with a magnifying glass icon.

4. Once you enter your UTA username/password, you will be redirected to your Exxat dashboard.
