

CAREERS

Interested in the systems and policy that drive healthcare?

Passionate about promoting healthy lifestyles?

Love science, particularly as it pertains to health & medicine?

I want to be an agent of change in my community!

FOCUS ON PUBLIC HEALTH POLICY

Health policies & laws fascinate you. You're always thinking of new ways that programs could improve the health of citizens. A career working with healthcare policies is ideal for you.

FOCUS ON RESEARCH

You're happiest when presented with a mystery. The emergence of drug resistant diseases is creating a need for skilled epidemiologists & research professionals.

FOCUS ON ADMINISTRATION & MANAGEMENT

You're a natural leader & a people person with great interpersonal skills that will help you maintain a good rapport with your team. You'll do well in a management or administrative position.

FOCUS ON HEALTH & PROMOTION EDUCATION

You love working with people. You strive for a healthy lifestyle & want to help others do the same. Focusing on safety & prevention, you're ideally suited for a job in health & promotion education.
