

Capability Statement

The owner and staff at AES has an excellent track record of delivering sustainable solutions within the lighting industry. Every customer receives the attention to detail that is required by AES as we design and implement a brighter situation. At AES we adhere to DLC specifications when choosing a lighting manufacturer. Providing quality lighting with LED chips from the world's number one developer is key to our confidence and your comfort. Most of our lights and controls come with a 5-year warranty with some products extending the warranty to 10 years is commonplace today.
