Company Overview

Established in 2018, Everyday Hero CPR is a comprehensive course and skills provider that offers simple, straightforward classes for teachers, childcare workers, parents, healthcare professionals, and everyone in between. Whether you are in need of CPR/AED, First-Aid, BLS, or ACLS courses, we are here to make it a hassle-free experience. With all classes taught by firefighters, paramedics, and other first responders, you can rest easy knowing you'll receive quality training that leaves you feeling confident in your knowledge and ability to react in emergency situations.

We look forward to supporting your organization's needs and welcome you to contact us to learn more about how we can best be of service to you.

Differentiators

- All classes are taught by firefighters and first responders who have extensive years of experience performing the CPR and First-Aid skills they teach
- Use real-world scenarios and focus on hands-on skills
- OSHA compliant classes
- Simple, direct, easy to remember, straightforward classes
- Provide multiple levels of certification through various agencies including The American Heart Association
