

PRICE RIGHT

PROFESSIONAL LANDSCAPING & TREE SERVICE

Capability Statement

Commercial & Residential Tree Service in North Texas

About Price Right

It all started when...in 2004, Price started mowing yards with two of his high school friends. From mowing lawns to landscaping, Price quickly saw a need in tree trimming and thought he would seek this field out. Price found a passion in his career and decided to dive in. Fast forward to now, we proudly serve all DFW areas, both residential and commercial properties. We are fully insured and hub certified. With top notch equipment and professional staff, our goal is to provide the best service possible.

Differentiators

We provide the safest equipment and hire professionals to do the services we provide. We are also a fully insured company and our goal is safety, for not only our crew but for every customer.

No only are we HUB certified but we have done jobs with school districts, commercial and residential. We just bought a tree farm so we can sell and plant trees on locations.

We offer numerous tree care services as well as landscape design.

Our Services

- Tree Services
- Tree Injections
- Fire Wood & Wood Chips
- Landscaping
- Christmas Lights

Core Competencies

TREE TRIMMING

We will meet with you to discuss the best options to trim and prune your trees in a way that will make them beautiful and keep them healthy and safe.

TREE REMOVAL

If you have a dead or hazardous tree, we have trained and equipped professionals to remove your tree in the safest most efficient way possible.

STUMP GRINDING

After a tree is removed, we have the equipment to grind the stump down six to eight inches below ground level to remove the root system.

We work with amazing reforestation partners around the world that need your support to help get trees in the ground.
