## Understanding the Process of Becoming a GSA Multiple Award Schedule (MAS) Contractor

Welcome to the MAS Roadmap, where you can gain the knowledge and understanding necessary to submit an offer to GSA to become a MAS contractor.

Under the MAS Program, GSA issues long-term, governmentwide contracts that provide federal, state, and local government buyers access to commercial products, services, and solutions at pre-negotiated prices.

If you become a MAS contractor you will be able to:

- Sell products and services directly to government agencies using streamlined ordering procedures
- Maintain compliance with federal regulations and policies
- Offer products and services at fair and reasonable prices

If you decide to submit an offer to GSA to be considered for a MAS contract, you will need to give complete and accurate information that describes your company's:

- Financials
- Experience
- Past performance
- The commercial products, services, and/or solutions you are offering

### Pathways To Success Training

The [Pathways to Success \[PDF - 2 MB\]](#) training helps prospective MAS contractors determine whether obtaining a Schedule contract is in their best interest. It provides information on the GSA Schedule program, expectations of contractors, how to compete and succeed as a schedule contractor, how to develop a schedule-specific business plan, and how to submit a quality offer. This information will help you identify the Schedule contract that best fits your company's product and service offerings. You'll also learn what it takes to succeed in the MAS Program.

The people in your company who will be responsible for making decisions, marketing, managing, and working with your MAS contract should take this training. All authorized negotiators who will sign the contract actions related to your MAS contract must take this training.

The training explains:

MAS Roadmap: Post Submission

Schedule Contractors

The training explains:

- How GSA Schedule contracts work.
- How to succeed as an industry partner.
- Details about the offer process.
- What you need to do to be awarded and then administer a MAS contract.

The training is self-paced and may be downloaded [here \[PDF - 2 MB\]](#).

You must acknowledge in the GSA [eOffer](#) system that you have completed the training before you can submit your offer.

## Readiness Assessment

The ["Readiness Assessment \[PDF - 171 KB\]"](#) helps ensure you're ready to submit an offer under the right GSA Large Category, Subcategory, and Special Item Number (SIN).

Your firm should have already read the [Pathways to Success](#) training, which is required before submitting an offer.

To complete the Readiness Assessment, you will use GSA online data sources identified assessment to find other companies that provide similar products and services, allowing you to determine whether your company can compete in that area.

- Evaluation criteria used to evaluate your offer and determine whether or not to award a Schedule contract to your company.
- Specific terms and conditions you will need to comply with as part of your contract.

### Scope and Templates

It is important that you understand the scope of the GSA Multiple Award Schedule so that you can choose the right Special Item Numbers (SIN) for your offer.

The [MAS solicitation](#) , including the category attachments, identify certain attachments and templates that you must submit with your offer.

Please review the [Scope and Templates](#) page for more information.

### Instructions Applicable to All Offerors

Solicitation provision SCP-FSS-001, Instructions Applicable to All Offerors, provides detailed instructions on the evaluation criteria, including technical requirements, price proposal requirements, past performance requirements, and, for services offers, relevant project experience requirements. A complete understanding of SCP-FSS-001 is essential to submitting a successful offer. It is important to read this provision, found within the [solicitation](#) , in its entirety.

Report Sales Data

Attention eMod users! We are making improvements to eMod based on your feedback. As of February 25th, you will be able to download your awarded eOffers from eMods. Additionally, your withdrawn and rejected eMods that are more than one (1) day old are moving to the eMod "Completed/History" section.

As of **April 4, 2022**, the government will no longer use the Data Universal Numbering System (DUNS) number as the authoritative Unique Entity Identifier (UEI) and transition to using the System for Award Management (SAM)-assigned UEI. Click [here](#) for more information on the government transition to UEI (SAM).

#### eOffer/eMod FAS ID Guidelines

Starting March 8, 2021, contractors must use FAS ID multi-factor authentication to access eOffer/eMod. For more information about the implementation of FAS ID for eOffer/eMod, please visit [GSA Interact](#).

#### Who must Register to use FAS ID for eOffer/eMod?

Offerors/contractors that have not already registered for a FAS ID for another GSA application (FAS Sales Reporting Portal (SRP), GSA Advantage Purchase Order Portal, GSA Vendor Portal, the Mass Mod Portal, eBuy, etc.).

**Note for New Offerors:** please ensure that you are listed in SAM as one of the following points of contact:
