

Student Organization Classroom Access Guide

If you book a classroom for your student organization's upcoming meeting or event, it is your responsibility to ensure the room is unlocked or accessible. Some classrooms required swipe card access, while others are keyed doors. Neither the Police nor Facilities Management are permitted to unlock interior doors. Classroom reservations cannot be made until approximately 10 days into the start of the semester due to class scheduling.

ID CARD ACCESSIBLE ROOMS

Once an email confirmation is received by the student organization from Records & Registration with the room assigned, dates and times, that should be forwarded to mavorgs@uta.edu with the names and ID numbers of the officers needing room access. Every UTA student, faculty, and staff member has their own unique 5-digit pin required to enter a swipe card door. To retrieve your PIN, go to uta.edu/selfservice.
