

Pre-professional 2019-2020 GPA Calculations Computer Science Engineering (CSE)

What are the three (3) GPAs calculated by the College of Engineering (COE)

In the **University Catalog**, scroll down to the heading:

College of Engineering Academic Regulations

Scroll down to subheading:

Regulations Regarding Academic Standing
Scroll down to item 10: Three-Calculation GPA

What grades are used to calculate your 3 COE GPAs

Cumulative GPA

All UTA courses taken and attempts, excluding those where a grade forgiveness has been granted

Engr/Math/Sci

- Pre-professional courses completed at UTA which are Engr/Math/Sci
- The social science elective, ECON 2305 or IE 2308, is not included in the calculation
- CSE 1310 is a prerequisite to other CSE courses. Therefore, it is not used in the Engr/Math/Sci calculation
- Only courses that specifically fulfill a requirement in your degree plan counts towards Engr/Math/Sci GPA. For example:
 MATH 1421 and MATH 1302 are not on the degree plan—they are prerequisites for subsequent math courses which are on the degree plan
- One three (3) hour math and one four (4) hour science elective needs to be completed for your degree. Only the first
 completed math or science elective grade will count in the Engr/Math/Sci GPA calculation, even if another elective course is
 completed. If another elective is completed to increase your GPA to move off COE probation, contact the COE probation
 academic advisor

Major

- Pre-professional courses completed at UTA which are CSE.
- CSE 1310 is a prerequisite to other CSE courses, but it is not used in the Engr/Math/Sci and Major GPA calculation.

Based on the 2019/2020 requirements

All UTA courses taken and attempts; excluding those where a grade forgiveness or exclusion has been granted ENGR 1101 or UNIV 1131	Based on the 2019/2020 requirements

Location of Three GPAs

COE GPA Location Directions

- Log in to MyMav
- Click on "Academic Progress" tile
- On the left-hand side, click on "Academic Progress"
- Scroll to the bottom and work up
- You will find Cumulative, EMS, and Major GPA's
- For a list of courses used to calculate the 3 COE GPA's, click on each box

When does the professional program start:

CSE 4000 level courses; and

Complete all pre-professional courses with grades of C or better AND a minimum of 2.25 in all three (3) COE GPAs

Verifying GPA Eligibility in COE

To ensure it is mathematically possible, and to calculate the needed grades required to meet the minimum 2.25 GPA, use the "Raise Your GPA" calculator

COE Three-Attempt Rule

In the **University Catalog**, scroll down to the heading:

College of Engineering Academic Regulations

Scroll down to subheading:

Regulations Regarding Work at University of Texas Arlington (UTA)

Scroll down to item 9: Three-Attempt Rule

Grades which constitute an attempt:

- those earned from both UTA and outside institutions; and
- a grade of W; and
- D, F, W grades are always considered attempts, even if a grade forgiveness or exclusion has been granted

Grades used to calculate the three (3) COE GPAs:

All UTA course attempts, excluding those where a grade forgiveness or exclusion has been awarded

Grade of D

A grade of D earned outside of UTA does **not** transfer in.

In the University Catalog, scroll down to the heading:

College of Engineering Academic Regulations

Scroll down to subheading:

Regulations Regarding Work at UTA

Scroll down to item 5: C-Grade Rule

A grade of D earned at UTA satisfies the requirement for the following courses

- Creative Arts
- HIST 1301 & 1302
- Language, Philosophy and Culture
- POLS 2311 & 2312
- Social Science (ECON 2305 or IE 2308)
- Math elective*
- Science elective*
- CSE 4323
- CSE 4342
- 4000 technical elective**

^{*}Consult the undergraduate catalog for course descriptions and prerequisites.

^{**}Student can receive a D as long as the course is not used as a pre-requisite for another course.
