MEMORANDUM

TO: PARENT / LEGAL GUARDIAN
FROM: UBMS Staff
YEAR: 2022 - 2023
RE: UT Arlington Upward Bound Math & Science New Participant Packet

Your child has chosen to apply to The UT Arlington Upward Bound Math & Science Center because of his/her interest in math or science. UBMS is funded by the U.S. Department of Education and as such has strict guidelines governing selection of participants. Our grant targets 9th, 10th, and 11th grade students from *Cedar Hill* and *DeSoto* areas which are interested in pursuing math, science and/or engineering careers.

We provide year-round college preparatory services and a six-week residential summer program. Participants are given the opportunity to explore careers and technology, work with faculty mentors in rigorous classes, compete in competitions, visit scientific institutions, as well as take educational field trips. A four-year renewable scholarship to UT Arlington is available to participants who successfully complete our program and attend UT Arlington the fall after graduation. In addition, students receive a stipend for full participation in the program throughout the year. All services are funded by the U.S. Department of Education.

In order to further this application process, we need your help. The parent section of the application form plays an important part in our consideration of your child's participation in our program. We cannot stress enough the importance of a completed application, including a photocopy of a signed Federal Income Tax Return Form (*previous year*) or other written verification from the agency that provides you with income (e.g., public assistance, Social Security benefits, unemployment benefits, pensions, etc.). The income verification **must** list the student as a dependent. The information you provide is protected by the *Family Educational Rights and Privacy Act (FERPA)*; so no one will see the information unless he/she works with or for the Upward Bound Math & Science Center or is specifically authorized to access this information.

Please check with your child to see if he/she needs help in filling out the student portion of the application. *All applications should be returned as soon as possible to receive priority attention for program space.* Online version of application available here: bit.ly/UBMSApp2

On behalf of the UBMS staff we would like to thank you for taking the time to fill out the application and for supporting your child in obtaining his/her college and career goals.
