

White Glove Migration of ‘Start Here’ and ‘Help’ Pages

Dear Faculty –

Many of the items that were included in your Blackboard ‘Start Here’ and ‘Help’ pages have been consolidated in the Canvas template. To avoid duplication of information and deviation from the consistent ‘Getting Started’ module, you may see a slightly different look of the information in your ‘Start Here’ and ‘Help’ pages when it is migrated into Canvas by White Glove Staff. The details of these template differences is detailed in the screenshots below.

What if you have additional information on your Start Here page that you want to keep? Please be specific in letting White Glove Staff know exactly where they should place this material in the ‘Getting Started’ module in Canvas.
