Open Education Grant Program RFP
UTA Libraries are now accepting proposals for the UTA Libraries Open Education Grant Program RFP. The aim is to create open educational resources (OERs) which utilize peer collaboration and consultation to transform learning resources into meaningful and engaged learning.

The proposals should outline an OER initiative that will be distributed on a Canvas course. Two - three hours leading in the development of the initiative & interactive assessment, and additional resources.

The libraries also provide free access to a web-based publishing platform to support the development and dissemination of OERs and tools for educators. The initiative will have an extended video, cannot exceed 12 months, supports integration of interactive options and demonstrations, and enables public or private web services.

Library supports open education and encourages teaching with questions.

...Did You Know?

...UTA has an employee assistance program (EAP) available.
Eligible employees may receive free consultation for job-related problems and crises. The free confidential consultation involves a discussion of recent traumas before the initiation of interactive therapy. This can range from a professional consultation to the development and coursework and submission of required form and supporting documentation.

DM Switch on August 1
As of August 1, 2019, faculty profile photos will no longer be edited in Canvas. Although the public facing page will remain the faculty’s last edit, all faculty photos will be reviewed through Digital Measures, including cropping. Faculty are also reminded that to be in Canvas 9/10, all selected faculty will submit self-photos, and then later reviews through Digital Measures. For training or questions please contact dmhelp@uta.edu.
