

## CALL FOR NOMINATIONS

### University Award for Distinguished Record of Research or Creative Activity

#### Purpose of Award

The University Award for Distinguished Record of Research or Creative Activity recognizes a faculty member for achieving a distinguished record of research and scholarship or creative activity over an extended period of time. A list of previous award winners is attached.

#### Eligibility

Any **full-time, regular faculty member** of The University of Texas at Arlington is eligible to be nominated for this award. Evidence of research or scholarly achievement must be in published form, and evidence of artistic or creative accomplishment must be in a form appropriate to the nominee's discipline.

#### Nominations (must be submitted electronically)

Nominations may be made by any full-time, regular member of The University of Texas at Arlington faculty. For faculty members in colleges, the nomination must be first reviewed by and transmitted through the departmental research committee of the nominee's department. Nominations and departmental reviews will be forwarded to the college research committee for further review and evaluation. For faculty members in schools, the nominations must be directed through and reviewed by the school-level research committee or an equivalent committee responsible for creative activities. The college and school research committees will rank the nominees from the unit and forward the top candidate's materials in electronic format (PDF attachments, links to individual websites) to the Office of the Vice President for Research & Innovation (VPRI) [vpri@uta.edu](mailto:vpri@uta.edu). Files will be made available electronically for review by the Academy of Distinguished Scholars.

#### Selection Criteria

The emphasis of the Academy of Distinguished Scholars in selecting faculty to be recognized for a Distinguished Record of Research or Creative Activity award is on quality, importance, and impact of the research or creative accomplishments rather than on quantity of publications or pages, number of performances or gallery showings, or number of creative objects produced. Therefore, all nominations and supporting documentation should focus on establishing clearly to a general academic audience the importance of a nominee's research or creative activities and the quality of the contributions that the person has made in his or her field.

#### Nomination Procedure and Documentation

Each nomination received by the Academy of Distinguished Scholars must include the six items listed below.

1. A completed cover sheet (attached).
2. A six-page (maximum) nomination form from the nominator outlining the basis for the nomination (See requirement below).

3. A one-page (maximum) letter from the appropriate (departmental or school) research committee summarizing the committee's basis for support of the nomination. This must include an explanation of the process of peer review customarily applied to publications or creative works within the discipline.
4. The nominee's curriculum vita.
5. Copies (PDF or link) of the nominee's major publications and other appropriate supporting documentation of the nominee's scholarly achievement or creative activity (e.g., reviews of published work or creative activity). Only the nominee's most significant work should be provided in his/her file of work/evidence (**Maximum five documents**).

#### **University Award Nomination Form (6-page limit).**

1. **Proposed Citation:** One sentence to describe the significant contributions made by the nominee.
2. **Contribution Statement:** In not more than one page, explain the nominee's distinctive contributions in the field, and how it compared to his/her peers in the field and at UTA.
3. **Evidence of Accomplishment:** List up to five most important items of tangible and verifiable evidence supporting nominee's contribution. In sentence form, state their significance and lasting social impact of each (not more than 200 words each).
4. **Research Record Summary/Highlight:** List here specific research related activities/records, such as funding, publication, citation, shows, performances, etc. (Note: you are welcome to provide other statistics to show the impact of publication (e.g. journal impact factor, paper citation number), competitiveness of the funding (e.g. federal grants, success rates), critical reviews on your work, reports on media, social impacts, etc).
5. **Impact to UTA:** List the nominee's related research leadership and mentorship roles at UTA, as well as specific impacts on UTA research community.
6. **Major Awards and Recognitions:** List up to five most significant ones.
7. **Leadership and Services Outside UTA:** List any of the nominee's other activities related to professional societies, volunteering, commercial activities, which can support the nominee's impact on and contributions to the discipline or field.

#### **Incomplete Nominations**

Incomplete nominations and nominations which have not been reviewed by the appropriate Research Committee will not be considered by the Academy of Distinguished Scholars.
