

USDA ARS-UTA Research Apprenticeship Program

A complete application package for ARS Apprenticeship should consist:

- 1) A cover letter that includes a brief statement regarding your interest in exploring agriculture as a potential career pathway. Confirm that you are a United States citizen, national, or permanent resident at the time of application. Students from any underrepresented minority group in STEM are particularly encouraged to apply.
- 2) A current UTA transcript.
- 3) A resume that includes a list of Math, stats, computer science or engineering skills, and programming languages you have working knowledge.
- 4) The name and contact information of one UTA faculty as your reference.

Please email the package in one PDF file to Dr. Jianzhong Su, su@uta.edu as soon as possible. Applications will be accepted until April 15, 2023 or the positions are filled.
