UNIVERSITY OF TEXAS AT ARLINGTON Department of Psychology
Summary Sheet for LAPS Graduate School Applicants
http://www.uta.edu/psychology

The Master of Science in Learning Analytics is intended for individuals who want to pursue a career in fields that are impacted by the digitization of learning, sensemaking, and knowledge processes in complex information environments. Program graduates will be leaders in computational social science and will be able to prepare organizations for the future of learning, including sensemaking and artificial intelligence. This summary sheet will help us better understand your background, experience, skills, and career goals.
