

FIELD PLACEMENT ---

FAQ PACKET

Field education is the most exciting and challenging learning experience you will encounter as you pursue your degree and work alongside veteran social workers to learn how theory translates into practice. The experience is slightly different depending on where you live and whether you want to use your place of employment for credit. This document provides a list of frequently asked questions pertaining to Field.

TABLE OF CONTENTS

GENERAL INFORMATION & TERMINOLOGY 05

- How do I know if I am considered an In-Area or Out-of-Area student?
- Do I need to pay any fees for Field placement?
- If I work during the day, can I complete my Field placement hours at night or on the weekends?
- Who is my Field Education Specialist and how can I contact them?
- How many hours per week will I need to commit to completing my Field placement?
- Are there any advantages to choosing a split over block placements?
- What is a Task Supervisor and are they the same as a Field Instructor?

BEFORE APPLYING | All Students 10

- What prerequisites do I need to complete before I can start my Field application?
- What does “Practice Skill Area” mean in the Field Application?
- Are there any activities I can complete now?

APPLYING FOR FIELD | In-Area Students 14

- How does placement work for In-Area students?
- Where can I find the Field Application?
- I am an In-Area student. Can I look for my own Field placement?
- I have submitted my Field application. Do I need to do anything else?
- What if I have been assigned to a placement and I want to change it?
- I have been placed. What do I do?

APPLYING FOR FIELD | Out-of-Area Students 16

If I live outside the UTA area, what are my options for finding a Field placement?

What are all the steps necessary to complete the Field application process, from start to finish?

BSW 17

What requirements does an agency need to meet to qualify for a Field placement site?

What if the agency I found does not have a social worker on staff. Who can be my Field Instructor?

When do I complete Field?

What kinds of placement agencies should I be looking for?

How do I start the conversation with agencies about Field placement?

What if I'm still having trouble finding agencies in my area?

BSSUT 19

What requirements does an agency need to meet to qualify for a Field placement site?

What if the agency I found does not have an LCDC on staff? Who can be my Field Instructor?

How early should I get started?

What kinds of placement agencies should I be looking for?

How do I start the conversation with agencies about Field placement?

What if I'm still having trouble finding agencies in my area?

MSW 20

How early should I get started?

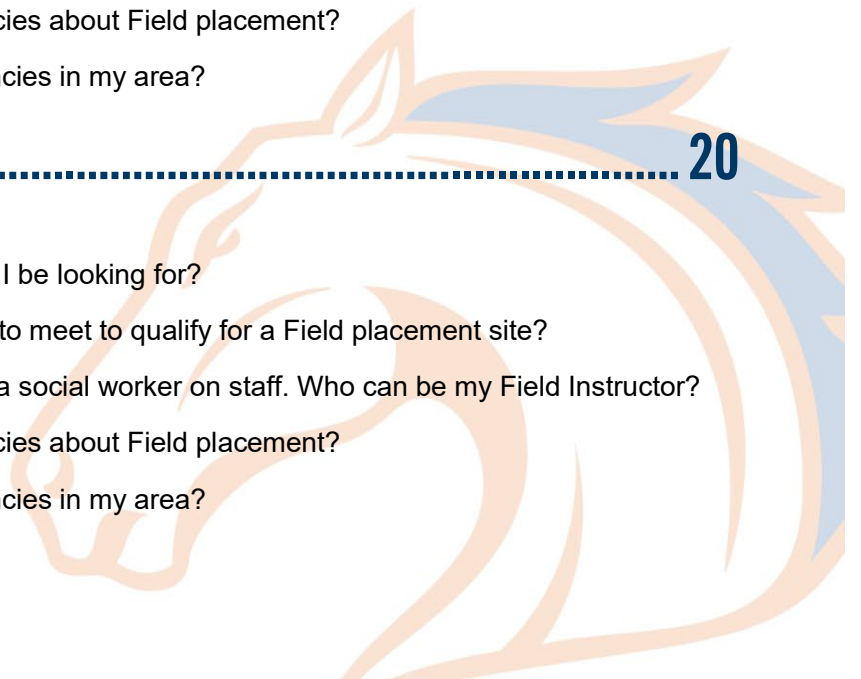

What kinds of placement agencies should I be looking for?

What requirements does an agency need to meet to qualify for a Field placement site?

What if the agency I found does not have a social worker on staff. Who can be my Field Instructor?

How do I start the conversation with agencies about Field placement?

What if I'm still having trouble finding agencies in my area?

APPLYING FOR FIELD | Place of Employment 23

Can I complete my Field placement hours where I work?

When is the POE application due and how should I submit it?

What do I do if I think I qualify for POE?

Where can I find more information about the Council on Social Work Education (CSWE) policies regarding place of employment placements?

AFTER APPLYING 25

How and when will I be notified about my placement?

Do I need to purchase my own liability insurance for my Field placement?

When is the deadline for having my placement secured before I can start Field?

DURING FIELD PLACEMENT 26

How do I log, edit, or delete my hours?

How do I complete a learning contract?

I keep getting emails that I need to sign-up for Field, what do I do?

If I am already in a split placement right now, do I still need to fill out the application for the next semester?

What if I didn't like my Field placement? Can I change it during the second semester?

GENERAL INFORMATION & TERMINOLOGY

How do I know if I am considered an In-Area or Out-of-Area student?

In-Area students live within one hour's drive of the UTA campus. Out-of-Area students live outside this perimeter and include in-state, out-of-state, and international students. The application process is different for each group so to find out more detailed information, go to the section dedicated to [In-Area](#) or [Out-of-Area](#) students on this page.

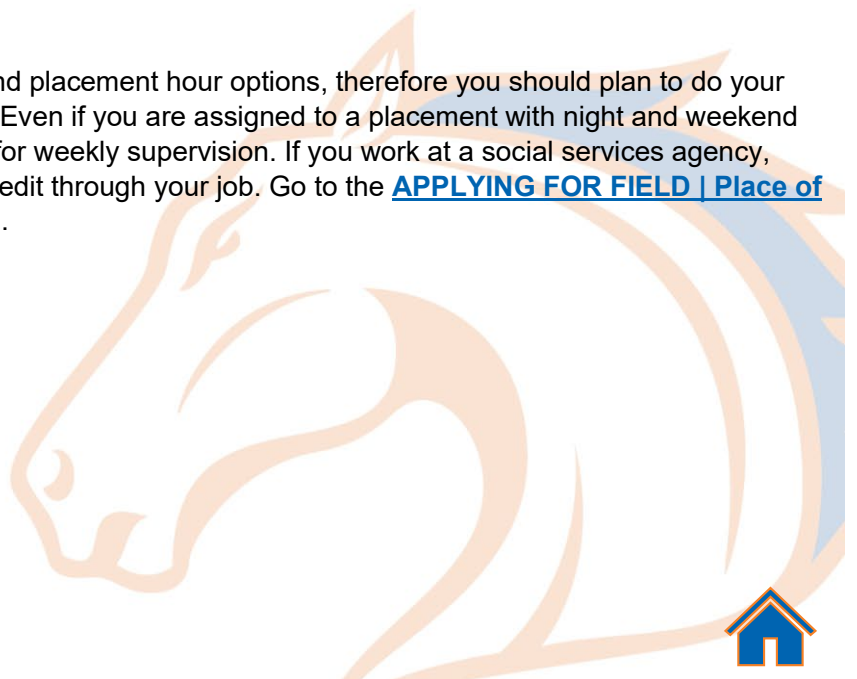

** You can apply to use your place of employment (POE) for placement credit if it meets the qualifications regardless of your location. For more information, go to the [Place of Employment](#) section on this page.*

Do I need to pay any fees for Field placement?

Yes. You will pay a placement database fee when you apply for Field. UTA uses a software program to facilitate the Field application and hour-logging processes.

If I work during the day, can I complete my Field placement hours at night or on the weekends?

The Field Office has minimal night/weekend placement hour options, therefore you should plan to do your placement during regular business hours. Even if you are assigned to a placement with night and weekend hours, you will need some daytime hours for weekly supervision. If you work at a social services agency, you may be able to get Field placement credit through your job. Go to the [APPLYING FOR FIELD | Place of Employment](#) section for more information.

Who is my Field Education Specialist and how can I contact them?

You can email the Field Education Specialist who is assigned to your area of study. Please reference the list below:

FIELD EDUCATION SPECIALIST	PROGRAM	SPECIALTY
Vanessa Caraveo, LMSW vanessa.caraveo@uta.edu	BSW/BSSUT	All Undergraduate Students and Out-of-Area Foundation MSW students
Andrea Jameson, LMSW andrea.jameson@uta.edu	MSW (Foundation)	In-Area Foundation Students
Sharon Martin, LMSW sharon.martin@uta.edu	MSW (Advanced)	Mental Health & Substance Misuse
Monica Brown, MSW monica.brown2@uta.edu	MSW (Advanced)	Children & Families
Cindy Bassey, MSW Cindy.bassey@uta.edu	MSW (Advanced)	Community & Administrative Practice (CAP) Aging Health

How many hours per week will I need to commit to completing my Field placement?

It depends on the semester you're taking Field and whether you choose to enroll in a Split or Block placement. Split is completed over two semesters. Block is when you complete your entire Field placement in one semester.

FALL (15 WEEK SEMESTER)	SPRING (16 WEEK SEMESTER)	SUMMER B (13 WEEK SEMESTER) A (10 WEEK SEMESTER)
Block 32 hours/week Split 16 hours/week	Block 30 hours/week Split 15 hours/week	Block 37 hours/week Split 24 hours/week

Are there any advantages to choosing a split over block placement?

Here is a handy table reviewing more details about the split and block learning experiences:

SPLIT PLACEMENT	BLOCK PLACEMENT
240 hours each semester for two semesters	480 hours of internship in one semester
Average weekly commitment of 15-24 hours/week (akin to a part-time job)	Average weekly commitment of 30-37 hours/week (akin to a full-time job)
Split is the default option if you are in a cohort	You must get special permission from your Academic Advisor to register for Block. They will determine if your class load is appropriate
One benefit of doing Split is that you have much more time to develop deeper relationships with your clients since it is spread out over two consecutive semesters	Great if you want a fully immersive experience If you are a teacher, this might be your best option for interning over the summer when you have more time

SPLIT PLACEMENT	BLOCK PLACEMENT
If you are working, this might be your best option timewise	You will need to keep your course load very light if you do block
You can take more classes on top of your Split placement than you could with Block	

What is a Task Supervisor and are they the same as a Field Instructor?

ROLE	RESPONSIBILITIES & TASKS
Field Instructor	This is your agency point of contact, a social worker who has gone through Field Instructor training at UTA
	Oversees the student and signs off on required documents
	<p>Requirements to be a Field Instructor: BSW or MSW Degree from CSWE Accredited Institution 2 years of post-degree social work experience</p>
	Helps you with your learning contract
	Conducts mid-term site visits and end-of-semester evaluations
	You must meet with them for at least 1 hour/week for supervision
	Keeps you accountable will make sure your activities line up with the <u>9 social work competencies</u> (learning objectives)

ROLE	RESPONSIBILITIES & TASKS
Task Supervisor	The supervisor who is more of your day-to-day supervisor on-site (at the agency)
	Assigns you specific tasks to complete and opportunities to shadow
	Does not need to be a social worker
	Cannot sign any documentation, complete any evaluations, or provide official weekly supervision without the Field Instructor present
	Can participate in mid-term site visit meetings and evaluations but not required
Field Liaison	This is the professor of record for your Field class at UTA
	Provides guidance and oversight during Field placement
	Assigns your Field grade
	Can be the same person as your Field Education Specialist
Field Education Specialist at UTA	Your Primary UTA point of contact for all things Field
	Assists students with questions or concerns about placements
	Processes and approves Field applications and POE forms
	Assigns In-Area students to their Field placements
	Assists out of area students with locating placement locations if needed

BEFORE APPLYING ALL STUDENTS

What prerequisites do I need to complete before I can start my Field application?

Here is a reference of all requirements to start your Field placement.

** Please note that not all prerequisite courses are offered every semester so check with your Academic Advisor to ensure you're on track with your degree plan.*

What does “Practice Skill Area” mean in the Field Application?

The skills you are interested in learning at your Field placement (i.e., case management information, and referral, needs assessment).

Are there any activities I can complete now?

Make time to go through the “Map for the Journey” and “SSW Field Orientation” modules on Canvas.

** There is a mandatory quiz at the end of the Field Orientation module that you must pass with a 100%. There are unlimited attempts allowed and the quiz must be completed before the first day of the semester when you intend to start your Field placement.*

APPLYING FOR FIELD IN-AREA STUDENTS

How does placement work for In-Area students?

In-area students are not responsible for finding their own placements. They complete the application and are placed with an agency by the UTA Field Education team. They may need to complete additional tasks determined by the agency like interviews and background checks.

Where can I find the Field Application?

Once Field applications have opened for the semester, you will receive an email with a direct link to the application as well as detailed instructions about how to complete your application. If the email does not show up in your inbox, please check your spam folder.

I am an In-Area student. Can I look for my own Field placement?

It depends *In-area students who live within an hour of the UTA campus are placed in their Field placements by their Field Education Specialist. However, if you are an Advanced level in-area student and are interested in pursuing your own Field placement, you are permitted to do so ***if it is within your specialty, and you communicate with your Field Education Specialist prior to securing the placement.** If you work at a social services agency, you may be able to get Field placement credit through your job. Go to the [APPLYING FOR FIELD | Place of Employment](#) section for more information.

I have submitted my Field application. Do I need to do anything else?

Yes. Please complete the following 3 steps to complete the process:

1. When registration opens for the semester make sure you register in MyMav for the course that corresponds to your Field placement. You can reference the table in the ["BEFORE APPLYING"](#) section or go to the advising page to make sure you are registering for the correct course number.
2. Complete the Field Orientation Quiz on Canvas before you start your placement. The orientation course is "SSW Field Orientation" in Canvas. If you are not already enrolled in the course, you can search for it, and self-enroll.
3. Wait for the email confirming your Field placement for the semester!

What if I have been assigned to a placement and I want to change it?

You are required to set up the interview and discuss your concerns with the agency before reassignment can be considered. Acceptable reasons for placement changes include emergencies and if the student has moved and can no longer access the agency.

I have been placed. What do I do?

Congratulations! Follow these steps to be ready to successfully start your placement.

- Make sure you are registered for your Field placement classes – see the “Before Applying” chart for the prerequisites.
- Contact your agency Field Instructor. Prep for your interview and research your Agency. During your Interview, prepare to ask questions about the Agency and what placement there would be like.
 - *If you do not hear back from the Agency within two weeks of your initial contact, please contact your Field Education Specialist and they will look at the next steps.
 - *Your placement is still not guaranteed until after you have your interview, and your Field Instructor approves your placement.

APPLYING FOR FIELD OUT-OF-AREA STUDENTS

If I live outside the UTA area, what are my options for finding a Field placement?

Apply to an agency already affiliated with UTA. You can choose from affiliated remote placements or affiliated agencies in your area. To find out if an agency is affiliated with UTA, write an email to christopher.clark2@uta.edu and/or amanda.land@uta.edu.

OR

Find a non-affiliated agency in your area and ask them if they are taking social work interns. Specify your level and specialty. If they are interested, send them to the UTA [agency information](#) webpage to start the affiliation process.

OR

Find a remote placement and ask them if they are taking social work interns. Specify your level and specialty. If they are interested, send them to the UTA [agency information](#) webpage to start the affiliation process.

What are all the steps necessary to complete the Field application process, from start to finish?

Unlike students living in the UTA area, out-of-area students are not placed with agencies and need to complete additional steps to secure a placement. To assist our students, we have created this [online flowchart](#) or the [condensed printable version](#) to help you review the steps. They are also listed below:

1. Complete the Field Orientation on Canvas.
2. Start researching agencies for potential Field placement sites. Contact them and ask if they are taking interns.
3. Complete the Field Application.

** You do NOT need to know where you will be completing your Field placement before you complete the application. They are processed in the order they are received. Get this done soon after the application period opens.*

4. You will be contacted by your Field Education Specialist once your application is processed.
5. Continue researching agencies. Make a list of 3-5 agencies you want to apply to.

If the agency isn't affiliated with UTA yet, ask their representative to go to the [UTA agency webpage](#) and initiate the affiliation process. If you have questions, email christopher.clark2@uta.edu and/or amanda.land@uta.edu

** You will have access to a list of agencies already registered with UTA through the Field office.*

** If you're still having trouble finding an agency, make an appointment with your Field Education Specialist.*

** The affiliation process takes time, so please do not procrastinate in looking for your placement. You will need to have your agency fully affiliated by the time you start your Field placement, or your hours will not count.*

6. Send the agencies your cover letter, resume, and/or anything else they request.
7. Complete interviews at agencies if requested.
8. When registration opens for the semester, you are taking Field, make sure you register in mynav for the course that corresponds to your Field placement. You can reference the table in the "[BEFORE APPLYING](#)" section to ensure you are registering for the correct course number.
9. Once you are accepted by an agency and you choose to complete your placement there, inform your Field Education Specialist and provide them with the agency name and Field Instructor contact information.
10. If you want to check about the status of the agency affiliation process, you can contact the agency via email and send a separate inquiry email to sswfield@uta.edu.
11. Take the Canvas Field Orientation Quiz before the first day of the semester when you intend to start your Field placement.

BSW

What requirements does an agency need to meet to qualify for a Field placement site?

Your agency must provide you with a Field Instructor who is a social worker. This is the most important thing to look for in your placement search. This person must have a BSW and/or MSW degree from a CSWE-accredited school and two years of post-degree work experience. This person will be your Field Instructor for the duration of your internship.

What if the agency I found does not have a social worker on staff.

Who can be my Field Instructor?

Find another agency to pursue that does have a social worker on staff. It is important that you are learning from an actual social worker. LPC's, LMFT's, LCDC's, and other licensed professionals are adjacent to our Field and often perform many of the same work functions in agencies as social workers. However, they are not social workers and have been trained under different professional standards.

When do I complete Field?

BSW degree plans state Field is one of the last courses you complete in your degree. Please follow up with your Academic Advisor in regard to eligibility for Field.

What kinds of placement agencies should I be looking for?

For BSW we suggest you look at nonprofit and social services agencies, schools, Communities in Schools, WIC and TANF offices, military bases, mental health facilities, hospice and home health agencies, rehab, or long-term care facilities, DFPS programs, police department victim services, and shelters.

We encourage you to remain open-minded when searching for your BSW Field placement. BSW placements are required to offer experiences at the micro, mezzo, and macro levels.

How do I start the conversation with agencies about Field placement?

Start with an introductory email and treat it like an informational interview. Here is a sample introduction with a list of important questions to get you started:

Hi my name is ___ and I am a BSW student at UTA. I am interested in exploring a potential Field internship at your agency during the upcoming (spring/summer/fall) semester. I'd like to verify the following items to make sure this is a good fit.

- Does your agency have a BSW and/or MSW on staff to serve as a Field Instructor (supervisor) with 2+ years of Field experience?
- Can your agency provide learning experiences on the micro, mezzo, and macro levels?
- Have you had bachelor-level social work interns from UTA at your agency before?
- If you have not hosted BSW UTA interns at your agency before, would you be open to it?
- Do you have placement opportunities for a BSW?
- Are you able to provide learning experiences that align with the BSW Learning Contract?
- Are you currently looking to fill internship positions for the (spring/summer/fall) semester?
- Are you able to accommodate a split placement (240 hours/semester) or block placement (480 hours/semester)?
- What are the hours your agency is open, and do you think there will be enough tasks for me to meet this weekly hour goal?

- Tell me what a typical day is like in the life of a BSW intern at your agency. What kinds of tasks, projects, and experiences should I expect?
- Tell me about your client population. What groups are you serving most in your agency?
- What qualities are you looking for in an intern? What are your expectations?

What if I'm still having trouble finding agencies in my area?

If you are having trouble finding an agency with a BSW and/or MSW on staff to supervise you, then you can search another way. Find the social workers in your area first and see if they can bring you on at their agency as an intern, and if so, they can get their organization affiliated with UTA. Also, consider searching for remote placements. If you're still having trouble, contact your Field Education Specialist.

BSSUT

What requirements does an agency need to meet to qualify for a Field placement site?

Your agency must provide you with a Field Instructor who is a Licensed Chemical Dependency Counselor (LCDC) and has two years post licensing experience. A Social Work degree is preferred, but not required. This person will be your Field Instructor for the duration of your internship.

What if the agency I found does not have a Licensed Chemical Dependency Counselor on staff. Who can be my Field Instructor?

Find another agency to pursue that does have a Licensed Chemical Dependency Counselor on staff. It is important that you are learning from an actual LCDC. LPC's, LMFT's, and other licensed professionals are adjacent to our Field and often perform many of the same work functions in agencies as Licensed Chemical Dependency Counselors. However, they are not LCDC's and have been trained under different professional standards.

How early should I get started?

BSSUT degree plans state Field is one of the last courses you complete in your degree. Please follow up with your Academic Advisor in regard to eligibility for Field.

What kinds of placement agencies should I be looking for?

For BSSUT placements, we suggest you look at rehab/substance misuse treatment facilities.

How do I start the conversation with agencies about Field placement?

Start with an introductory email and treat it like an informational interview. Here is a sample introduction with a list of important questions to get you started:

Hi my name is ___ and I am a BSSUT student at UTA. I am interested in exploring a potential Field internship at your agency during the upcoming (spring/summer/fall) semester. I'd like to verify the following items to make sure this is a good fit.

- Does your agency have an LCDC on staff to serve as a Field Instructor (supervisor) with 2+ years of Field experience?
- Have you had Bachelor of Science in Substance Use and Treatment (BSSUT) interns from UTA at your agency before?
- If so, is your Affiliation Agreement with UTA still current? You can find out more on the UTA Agency webpage.
- If you have not hosted BSSUT UTA interns at your agency before, would you be open to it?
- Are you able to provide learning experiences that align with the Learning Contract?
- Are you currently looking to fill internship positions for the (spring/summer/fall) semester?
- Are you able to accommodate a split placement (240 hours/semester) or block placement (480 hours/semester)?
- What are the hours your agency is open, and do you think there will be enough tasks for me to meet this weekly hour goal?
- Tell me what a typical day is like in the life of a BSSUT intern at your agency. What kinds of tasks, projects, and experiences should I expect?
- Tell me more about your client population. What groups are you serving most in your agency?
- What qualities are you looking for in an intern? What are your expectations?

What if I'm still having trouble finding agencies in my area?

If you are having trouble finding an agency with a Licensed Chemical Dependency Counselor on staff to supervise you, then you can search another way. Find LCDC's in your area first and see if they can bring you on at their agency as an intern, and if so, they can get their organization affiliated with UTA. Also consider searching for remote placements. If you're still having trouble, contact your Field Education Specialist.

MSW

How early should I get started?

Most degree plans will recommend you start your foundation and advanced placement in your second semester at UTA, which means you will be applying during your first semester! That's why we recommend you start thinking about where you might want to intern as early as possible.

What kinds of placement agencies should I be looking for?

For Foundation placements, we suggest you look at nonprofit and social services agencies, schools, Communities in Schools, WIC and TANF offices, hospitals, military bases, mental health facilities, hospice and home health agencies, rehab or long-term care facilities, DFPS programs, police department victim services, and shelters.

We encourage you to remain open-minded when searching for your Foundation field placement. Foundation MSW Field placements are required to offer experiences at the micro, mezzo, and macro levels. Your Foundation placement may not directly correlate to your specialty track. However, your Advanced placement must correlate to your specialty track.

What requirements does an agency need to meet to qualify for a Field placement site?

Your agency must provide you with a Field Instructor who is a social worker. This is the most important thing to look for in your placement search. This person must have an MSW degree from a CSWE-accredited school and two years of post-MSW degree work experience. This person will be your Field Instructor for the duration of your internship.

What if the agency I found does not have a social worker on staff. Who can be my Field Instructor?

Find another agency to pursue that does have a social worker on staff. It is important that you are learning from an actual social worker. LPC's, LMFT's, LCDC's, and other licensed professionals are adjacent to our Field and often perform many of the same work functions in agencies as social workers. However, they are not social workers and have been trained under different professional standards.

How do I start the conversation with agencies about Field placement?

Start with an introductory email and treat it like an informational interview. Here is a sample introduction with a list of important questions to get you started:

Hi my name is ___ and I am a first year MSW student at UTA. I am interested in exploring a potential Field internship at your agency during the upcoming (spring/summer/fall) semester. I'd like to verify the following items to make sure this is a good fit.

- Does your agency have an MSW on staff to serve as a Field Instructor (supervisor) with 2+ years of Field experience?
- Can your agency provide learning experiences on the micro, mezzo, and macro levels?
- Have you had graduate-level social work interns from UTA at your agency before?
- If so, is your Affiliation Agreement with UTA still current? You can find out more on the UTA Agency webpage.

- If you have not hosted MSW UTA interns at your agency before, would you be open to it?
- What types of placements are offered? BSW (Bachelor of Social Work), MSW (Master of Social Work – Foundation year), or MSW Advanced (specialization in Children & Families, Mental Health, Aging, CAP, or Health)?
- Are you able to provide learning experiences that align with the Learning Contract?
- Are you currently looking to fill internship positions for the (spring/summer/fall) semester?
- Are you able to accommodate a split placement (240 hours/semester) or block placement (480 hours/semester)?
- I am planning to do a split placement internship, meaning I would be there for two consecutive semesters for about 15-18 hours per week (akin to a part-time schedule). What are the hours your agency is open, and do you think there will be enough tasks for me to meet this weekly hour goal?
- Tell me what a typical day is like in the life of an MSW intern at your agency. What kinds of tasks, projects, and experiences should I expect?
- Tell me more about your client population. What groups are you serving most in your agency?
- What qualities are you looking for in an intern? What are your expectations?

What if I'm still having trouble finding agencies in my area?

If you are having trouble finding an agency with an MSW on staff to supervise you, then you can search another way. Find the social workers in your area first and see if they can bring you on at their agency as an intern, and if so, they can get their organization affiliated with UTA. Also consider searching for remote placements. If you're still having trouble, contact your Field Education Specialist.

APPLYING FOR FIELD PLACE OF EMPLOYMENT

Can I complete my Field placement hours where I work?

Place of Employment (POE) Field placement requirements have recently been amended by the Field Office. Please read the [POE form](#) and review the POE option information below. If you think you qualify, complete the POE application, and submit it to your Field Education Specialist as early as possible. They will inform you if your application has been approved or denied. Try to do this before Field applications open to ensure you have enough time to look for an alternative placement if your POE is not approved.

POE Option 1

We can continue to offer traditional Place of Employment Field placements. In a traditional POE you will need to be placed in a separate department from your employment department. Your place of employment must be a social work agency that can provide opportunities for you to learn in your proposed specialty area to engage you as a learner with opportunities to fulfill all Field education requirements. Your proposed specialty must not be the same as your current job role. In POE option 1, your regular work hours **do not count** towards your Field placement.

POE Option 2

You can now count your work hours for Field if your job tasks meet the competencies required by your chosen specialty. This means student Field assignments and employment tasks may be counted toward required Field hours if approved. This option is sufficient if the tasks have a clear connection to the [nine social work competencies](#) and their behaviors and any competencies added by the program. There should be at least one project or learning opportunity that is separate from regular employment position duties. **If you qualify for option 2, you will need to complete a learning contract with your proposed Field Instructor, which lists the tasks you will complete and how each one corresponds to each competency.

When is the POE application due and how should I submit it?

Please fill out the completed POE form as quickly as possible and submit it to your Field Education Specialist for possible approval. This ensures you will have enough time to look for an alternative placement if your POE is not approved.

What do I do if I think I qualify for POE?

If you think you will qualify for a Field placement with your current place of employment, you must complete the [POE form](#) plus the learning contract if applying for POE option 2. Please email your POE paperwork to your Field Education Specialist for review and approval from the Field Office. They will help guide you through next steps.

Where can I find more information about the Council on Social Work Education (CSWE) policies regarding place of employment placements?

If you or your place of employment would like to read further about the policies that determine place of employment placements, please reference p.23 of the CSWE 2022 [Educational Policy and Accreditation Standards](#) (EPAS).

AFTER APPLYING

How and when will I be notified about my placement?

IN-AREA STUDENTS

You will be placed on a rolling basis after the application deadline.

You will be contacted by the Field Office via email when you are officially placed with an agency.

OUT-OF-AREA STUDENTS

You will need to check with your agency to see if they have accepted your application for placement. If they have confirmed your placement, you must **inform your Field Education Specialist** and provide them with the **agency name** and the agency **Field Instructor's contact information** so they can update their system.

POE STUDENTS

You will be contacted by your Field Education Specialist via email once your application has been processed and they will inform you whether your POE has been approved.

Do I need to purchase my own liability insurance for my Field placement?

No. You can email christopher.clark2@uta.edu, amanda.land2@uta.edu or sswfield@uta.edu for a copy of the liability insurance certificate to share with your agency.

When is the deadline for having my placement secured before I can start Field?

The hard deadline for having your placement secured is two weeks before the semester when your Field placement is scheduled to start. This includes informing your Field Education Specialist of your placement location and who your qualified Field Instructor will be. The agency must be affiliated with UTA by this hard deadline.

DURING FIELD PLACEMENT

How do I log, edit, or delete my hours?

You can access a video tutorial and visual guide on the Canvas Orientation website.

How do I complete a learning contract?

You will complete your learning contract with your Field Instructor during the semester of placement UNLESS you are applying for **POE Option 2**. The learning contract is based on the [9 social work competencies](#). You can access sample learning contracts by specialty [here](#).

I keep getting emails that I need to sign-up for Field, what do I do?

If you haven't completed all the pre-requisites yet, do not worry. The email is system generated and is automatically sent to all students. If you are unsure about when you are supposed to start your Field placement, email your Field Education Specialist and Academic Advisor.

If I am already in a split placement right now, do I still need to fill out the application for the next semester?

No. You will be at the same agency for both halves of your split placement. So, if you're continuing into the second semester of your Field placement, you do not need to re-apply for Field.

What if I didn't like my Field placement? Can I change it during the second semester?

You would need to complete a transfer request form and submit it to the Field office for review. The Field Education Specialist will review your request and make the final decision regarding a transfer request. **Transfers are usually only granted for emergency reasons.** Reference CSWE.
