How do I apply?

The Available Scholarship Opportunities button is a list of all scholarships that have been provided by UTA in a Mav ScholarShop. You are not able to apply directly to any scholarships from viewing this list and not all of the scholarships will be open.

Keep scrolling.

The screenshot shows the UTA Mav ScholarShop website. At the top is a dark blue header with the UTA logo (the letters 'UTA' in white with a gold star) on the right. Below the header is a navigation bar with links for Home, Contact Us, and Scholarship Search. The main content area has a white background and features a blue heading 'Welcome to the Mav ScholarShop!'. Below this is a paragraph explaining that the shop is a one-stop place for scholarships for fall 2024 and spring 2025, opening in mid-November. A section titled 'How You Are Matched To Scholarship Opportunities' explains that a student profile is created and matched with open opportunities. It lists two scenarios: being automatically matched or being a good candidate where more information is needed. Another section, 'Explore Available Scholarship Opportunities', states that all opportunities are accessible via a button and can be searched by keyword. At the bottom right, a blue button labeled 'Available Scholarship Opportunities' is highlighted with a blue arrow pointing to it from the right.

Welcome to the Mav ScholarShop!

Mav ScholarShop is a one-stop shop designed to give you the most comprehensive access to UTA's generous scholarship offerings. Scholarship opportunities for fall 2024 and spring 2025 will open in Mav ScholarShop in mid-November.

How You Are Matched To Scholarship Opportunities

As a current or newly-admitted student, Mav ScholarShop has created a student profile for you – also referred to as a general application based on your information in MyMav. Your general application is matched nightly with open scholarship opportunities across campus.

- You may be automatically matched with scholarships for which you meet the criteria, and your profile will be available to the awarding department for review.

OR

- You may be a good candidate for a scholarship, but more information is required. Upon login, applications for recommended scholarships that require additional information will appear in your Task List.

Explore Available Scholarship Opportunities

- All available scholarship opportunities automatically render when you click the "Available Scholarship Opportunities" button
 - You can search by keyword by entering your keyword in the Keyword(s) Search box
 - Common keyword searches include your year in school (e.g., sophomore) and major.

There it is!

Available Scholarship Opportunities

Get Started

- Log in to Mav ScholarShop using your UTA student email and MyMav password.
- Complete EM: Enrollment Management General Scholarship Application
- Check back regularly to review your profile and to look for new scholarship opportunities.
- Available scholarship applications, filtered according to your profile, will be listed in your Task List
- Just because you see a available scholarship application doesn't not mean that you are qualified for the scholarship opportunities within that application. Rather it means that the system sees you as a potential match.
- Scholarship deadlines vary, so log in often to view any new scholarships or to check on pending scholarship applications. If you are offered a scholarship you will be sent an email to your UTA student email account.
- Qualifying and applying to scholarships does not guarantee that you will be offered a scholarship. This is a competitive process. If you need assistance with Mav ScholarShop or have any questions, please contact the Scholarships Office at schol@uta.edu.
- Mav ScholarShop does not send regret emails.

After I submit my applications...

Now Mav ScholarShop matches you with scholarships!

If there are any scholarship applications open that you meet the criteria for, based on your answers in the General Application, they will show up in your Tasks list. For scholarships that do not require any additional information, Mav ScholarShop will automatically add your application. You will not need to take any additional steps to apply to those scholarships.

If you don't see new applications in the Tasks list, that means your department hasn't opened their scholarships. Check the Mav ScholarShop Home page regularly and you'll be the first in line to apply for new scholarships!

If you are offered a scholarship, you will receive an email sent to your UTA student account with the offer. If you are not offered a scholarship, you won't be notified. But you can contact them to ask!
