<sup>1</sup>Students will apply for field through Tevera after receiving an email with application instructions. To apply for field, students pay a one-time fee for Tevera that covers the entire MSW degree (\$225 through Tevera or \$272 through the bookstore; paying through the bookstore allows the fee to be charged to student's financial aid); if students paid for Tevera in their foundation year, they do not pay again in the advanced year.

<sup>2</sup>If thesis is selected, notify advisor to revise degree plan (you may remain in cohort) and begin working with a thesis advisor; if you don't have a thesis advisor in mind, email the Director of Graduate Programs for guidance.
