My name is Skarlar Egans. My role as a Graduate Student Leader includes working with students who are facing various concerns, such as grief and loss, relationship issues, trauma, and other personal concerns. The Graduate Student Leader Program serves as an opportunity for students to have access to resources and support.

To apply for the Graduate Student Leader Program, please contact me at traecia.nichols@uta.edu. If you are having technical difficulties with InPlace, please contact the Helpdesk at 1-877-277-5463. If you need to pay the InPlace fee on the first day of class for that semester, you will need to plan accordingly.

For the School of Social Work, in addition to the Graduate Student Leader Program, there are several opportunities that you may find useful. One such opportunity is the Field Instructors Program, which provides support for field placements. Additionally, there are several resources available for students, including the Social Work Licensing 101 Guide and the Texas LCDC Licensing 2021 PDF.

According to Sylvia A. Earle, "What will we do without water?" This quote highlights the importance of water conservation and the need to implement these practices into our daily lives. To learn more about this issue, I encourage you to research methods of water conservation and implementation into your daily routines.

One way to practice gratitude is by keeping a gratitude journal. By writing down the things you are grateful for, you can foster a deeper sense of appreciation and contentment in your life. Gratitude can help you focus on the positive aspects of your life, leading to a happier and more fulfilling experience.

In my role, I work with students who need support in various areas, including grief and loss. I aim to help them adjust to changes in their lives and improve their overall well-being. I am excited to join the Graduate Student Leader Program and work with others in the SSW to forward to helping others and becoming more connected with others in the SSW.
