INTRODUCTION

The University of Texas at Arlington (UTA) believes that fraternities and sororities are an integral part of the community and provide an opportunity for the development of lifelong friendship, academic support, leadership development, and engaging in philanthropy and community service. Fraternities and sororities represent a feeling of true acceptance. A sense that you really belong. The encouragement of people who genuinely care. The connection to something that will last way beyond your college years. Fraternities and sororities at The University of Texas at Arlington empower students to fulfill their potential. We are focused on empowering real UTA students to prepare for their real careers, their real life, and their very real potential. We want you to meet our people, to understand our purpose, and to hear our stories of the way our organizations have embraced us and empowered us.

The mission of the University of Texas at Arlington states that we are “committed to the promotion of lifelong learning through academic and continuing education programs and to the formation of good citizenship through community service-learning programs. The diverse student body shares a wide range of cultural values and the University community fosters unity of purpose and cultivates mutual respect.” In support of the University’s mission, the Office of Fraternity & Sorority Life (herein referred to as Office of F&SL) seeks to maintain a positive relationship with the University through positive interactions and collaborations with colleagues.

PURPOSE OF THE F&SL HANDBOOK

This handbook provides policies, procedures, and processes for members of the fraternity and sorority community, their organizations, and volunteers. The Fraternity and Sorority Life (F&SL) Handbook is used in conjunction with the Student Organization Handbook, The University of Texas at Arlington Handbook of Operating Procedures, and any additional University policies and procedures.

The F&SL Handbook is a document written and reviewed in collaboration with the F&SL governing councils, F&SL organizations, and with the Office of F&SL staff. The handbook review committee, comprised of students and alumni, reviews the F&SL Handbook on an annual basis to ensure that it reflects national standards, best practices and contains current information.

FRATERNITY & SORORITY LIFE COMMUNITY PILLARS

Fraternity & Sorority Life has a core set of values that are Pillars of the Fraternity & Sorority Life community at UTA.

- **Lifelong Friendship** – Joining a fraternity or sorority is the beginning of a new experience with new friends and the creation of a home away from home. By joining a fraternal organization, members become part of a larger national organization and find that they have friends and connections all over the world.
- **Philanthropy and Community Service** – In the fraternity and sorority community at UTA, we encourage more than just making new friends within one's organization. Getting involved on and off campus allows members to engage with their community and give back to those around them.
- **Leadership and Career Development** – UTA offers many opportunities for students to become involved. Participation in a fraternity or sorority provides members opportunities to develop leadership and interpersonal skills on campus and within one's own organization, skills which employers and advanced degree programs look for in their applicants.

Questions regarding this information should be directed to the Office of Fraternity and Sorority Life

- **Academic Support** – Fraternities and sororities provide members an opportunity to earn academic awards, recognition, and scholarships. Each organization offers academic support programs that could require study hours, offer tutoring sessions with other members, or mentoring opportunities.

6: HAZING

A. UTA Hazing Policy

According to the University of Texas at Arlington's [Handbook of Operating Policies](#) (SL-SC-PO-01: section II, sub-section E.1.i) defines hazing as follows:

Engages in any intentional, knowing, or reckless act, occurring on or off campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any university student organization, group, or team whose members are or include students at an educational institution.

The term hazing includes, but is not limited to any type of physical brutality, physical activity, activity involving consumption of food, liquid, drugs, or alcohol, activity that intimidates or threatens the student, or any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Texas Education Code Section [51.936](#).

Hazing with or without the consent of a student whether on or off campus is prohibited, and a violation of that prohibition renders both the person inflicting the hazing and the person submitting to the hazing subject to discipline. Knowingly failing to report hazing can subject one to discipline. Initiations or activities of organizations may include no feature that is dangerous, harmful, or degrading to the student, and a violation of this prohibition renders both the organization and participating individuals subject to discipline.

Hazing in state educational institutions is prohibited by State law (Texas Education Code Section [51.936](#) and Sections [37.151 - 37.157](#)). In an effort to encourage reporting of hazing, UTA may grant immunity from student or employee disciplinary action to a person who, in good faith, voluntarily reports specific incidents of hazing prior to being contacted concerning the incident or being included in the institution's investigation of the incident. This immunity does not extend to the person's own violation of hazing.

Under the law, individuals or organizations engaging in hazing could be subject to fines and charged with criminal offenses.

According to the law, a person can commit a hazing offense not only by engaging in a hazing related activity, but also by soliciting, directing, encouraging, aiding, or attempting to aid another in hazing; intentionally, knowingly, or recklessly allowing hazing to occur; or by failing to report firsthand information that a hazing incident is planned or has occurred in writing to the Vice President for Student Affairs or Dean of Students office.

Questions regarding this information should be directed to the Office of Fraternity and Sorority Life
817-272-9234 or fsl@uta.edu

Last Edited: July 2021

The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution for hazing under this law.

B. Hazing Amnesty Policy

F&SL STANDARDS PROCESS

2021-2022 HANDBOOK

Office of Fraternity and Sorority Life
DIVISION OF STUDENT AFFAIRS

FRATERNITY & SORORITY LIFE STANDARDS PROCESS

The purpose of the Fraternity & Sorority Life Standards process is to allow students to participate in the shared governance of the UT Arlington Fraternity & Sorority community, to hold each organization accountable, to aid organizations in retaining autonomy, and to aid the governing bodies (College Panhellenic College, Interfraternity Council, Multicultural Greek Council and National Pan-Hellenic Council) in their disciplinary function.

The F&SL Standards Committee, Office of Fraternity & Sorority Life, and Office of Community Standards will work collaboratively to oversee all aspects of the Standards process. The Standards Committee will review all alleged organization violations and serve as the judicial voice of the fraternity and sorority community.

This process is for organizations and not individual members of their respective organizations. Fraternities and sororities are recognized student organizations, and as such, members agree to abide by all applicable laws and University policy as outlined in this document and the University's Handbook of Operating Procedures (HOP). Any violation of the HOP could result in immediate referral to the Office of Community Standards while F&SL policy and fraternity/sorority community violations will be referred to Fraternity & Sorority Life Standards Committee. However, there may be incidents that may be referred to either/or the F&SL Standards Committee or the Office of Community Standards as necessary.

Each council has its own recruitment/intake policies, therefore alleged violations of this nature will be referred by the F&SL Standards Committee to the organization's governing council for review. Governing councils should follow their Constitution and Bylaws after receiving a report of an alleged recruitment/intake violation.

F&SL STANDARDS PROCEDURE

Incident Reporting

A report of an alleged violation is submitted may be submitted by any student, advisor, or faculty/staff member, our community member. Reports can be made in person, via email, and/or by completing the [Fraternity & Sorority Life Standards Incident Reporting Form](#) found on the Office of F&SL website. Only alleged violations that occurred in the current or previous semester will be reviewed.

Incident Review

The F&SL Standards Committee will review the report and any evidence, determine whether to proceed, and if so, determine recommended outcomes. Past violations that are similar or the same as the current incident are also considered when the committee determines an outcome.

The committee may also consider whether circumstances particular to each incident justify a different outcome than outlined in the Outcomes Guide. These circumstances are known as “aggravating and mitigating circumstances”. Examples of these circumstances, include but are not limited to:

Aggravating Circumstances

- Does the Incident Report show the incident was premeditated?
- Is there a history of past violations that are similar or the same with the organization within the past two academic years? Did the accused organization have active sanctions from F&SL Standards when the incident occurred?
- Did the incident result in significant injury or harm to another person, property, or the UTA community? Does a continued risk of the same exist?
- Was there an active attempt to conceal or hide the incident?

Mitigating Circumstances

- Did the organization self-report the incident to the F&SL Standards Board?
- Does the organization demonstrate a clear understanding of the impact that the incident has had on the organization, council, and/or community?
- Has the organization actively taken steps to positively address the incident or otherwise educate themselves on the issues that arose from the incident?
- Has the organization articulated a clear plan for modified future behavior?

If the F&SL Standards Committee believes the organization is responsible for the alleged violation(s) based on the preponderance of the available evidence, the F&SL Standards Committee will request the Organization to appear for a Pre-Hearing Conference.

Organization Notification

An electronic notification will be sent to the organization president, on-campus advisor, alumni/ae advisor(s), the organization's national office, organization consultant, and/or regional representative of the accused organization. The letter will include a list of allegations, any gathered evidence, and will inform the organization of the F&SL Standards procedures.

F&SL Standards Pre-Hearing Conference

The Director of the Office of F&SL or their designee, the co-advisor(s), and a F&SL Standards Committee member will meet with the organization president or designated representative along with no more than one (1) organization advisors present. In the meeting, the F&SL Standards Committee member will review the allegations and evidence with the organization. The organization will have the opportunity to share its account and present any evidence for discussion with the F&SL Standards Committee member. At any time during the Pre-Hearing Conference, both the F&SL Standards Committee member and organization may call for a recess to engage in discussion with their advisor(s).

After the organization shares its account and any evidence is discussed, the recommended outcomes previously created by the F&SL Standards Committee will be presented to the organization by the F&SL Standards Committee member. For a complete list of potential outcomes, please refer to the Outcomes Guide on page 29 of this Handbook. The organization representative will then have the opportunity to accept responsibility.

- If the organization elects to accept the outcomes proposed, the organization president will execute an electronic written acceptance, known as the Case Resolution Form (CRF) within three (3) business days of the Pre-Hearing Conference and waive any appeals. The Pre-Hearing Conference shall be final, and there would be no subsequent proceedings regarding the allegations.
 - Organizations that do not execute the Case Resolution Form (CRF) in the timeframe provided will assume responsibility for the outcomes proposed and must complete the sanctions outlined in their outcome letter.
- If the organization does not accept the outcomes proposed and no mutually agreed upon outcomes can be met, the organization must then execute in writing a desire to proceed to a Fraternity & Sorority Life Standards Hearing within three (3) business days of the Pre-Hearing Conference.
 - Organizations that do not execute the Fraternity & Sorority Life Standards Hearing request in the timeframe provided will assume responsibility for the outcomes proposed and must complete the sanctions outlined in their outcome letter.

If new information emerges during the Pre-Hearing Conference and it requires further attention by the full committee, the F&SL Standards Committee member may also call to end the meeting. This allows the committee member to introduce the new information to the committee at their next meeting for further consideration, which may include redrafting their proposed outcomes. Once the committee concludes their discussion, the organization will receive the proposed outcomes electronically via the Case Resolution Form (CRF).

- If the organization agrees to the proposed outcomes, they must execute the CRF within the timeframe provided in the first bullet point in the paragraph above.
- If they would like to revise or propose different outcomes, the organization must then execute in writing a Pre-Hearing Conference follow-up meeting to be scheduled with three (3) business days of receipt of CRF.

Questions regarding this information should be directed to the Office of Fraternity and Sorority Life
817-272-9234 or fsl@uta.edu

Failure to complete mutually agreed upon outcomes could result in an additional referral to the F&SL Standards Committee.

Missed Pre-Hearing Conference

If an organization misses a scheduled Pre-Hearing Conference, the organization will receive one (1) rescheduling opportunity. The F&SL Standards Committee Advisor will contact the organization through email to reschedule the missed meeting.

- The organization will receive three (3) business days to respond to the re-schedule request, if there is no response in three (3) business days, the organization will assume responsibility of the allegations, and the F&SL Standards Committee will render an outcome based on the available information.

If an organization is not present for the rescheduled Pre-Hearing Conference, the organization will assume responsibility of the allegations, and the F&SL Standards Committee will render outcomes based on the available information and is charged an additional \$250 fine.

- Develop guidelines and support for open recruitment, formal recruitment, and ongoing recruitment efforts for each governing council in alignment with UTA and national policies.

CAMPUS AND STATE OF TEXAS POLICY

Hazing Policy

The University of Texas at Arlington's [Handbook of Operating Procedures](#) defines hazing as follows:

Engages in any intentional, knowing, or reckless act, occurring on or off campus of an educational institution, by one person alone or acting with others, directed against a student, that endangers the mental or physical health or safety of a student for the purpose of pledging, being initiated to, affiliating with, holding office in, or maintaining membership in any university student organization, group, or team whose members are or include students at an educational institution.

The term hazing includes, but is not limited to any type of physical brutality, physical activity, activity involving consumption of food, liquid, drugs, or alcohol, activity that intimidates or threatens the student, or any activity that induces, causes, or requires the student to perform a duty or task which involves a violation of the Texas Education Code Section [51.936](#).

Hazing with or without the consent of a student whether on or off campus is prohibited, and a violation of that prohibition renders both the person inflicting the hazing and the person submitting to the hazing subject to discipline. Knowingly failing to report hazing can subject one to discipline. Initiations or activities of organizations may include no feature that is dangerous, harmful, or degrading to the student, and a violation of this prohibition renders both the organization and participating individuals subject to discipline.

Hazing in state educational institutions is prohibited by State law (Texas Education Code Section [51.936](#) and Sections [37.151](#) - [37.157](#)). In an effort to encourage reporting of hazing, UTA may grant immunity from student or employee disciplinary action to a person who, in good faith, voluntarily reports specific incidents of hazing prior to being contacted concerning the incident or being included in the institution's investigation of the incident. This immunity does not extend to the person's own violation of hazing.

Under the law, individuals or organizations engaging in hazing could be subject to fines and charged with criminal offenses.

According to the law, a person can commit a hazing offense not only by engaging in a hazing-related activity but also by soliciting, directing, encouraging, aiding, or attempting to aid another in hazing; intentionally, knowingly, or recklessly allowing hazing to occur, or by failing to report firsthand information that a hazing incident is planned or has happened in writing to the Vice President for Student Affairs or Dean of Students office. The fact that a person consented to or acquiesced in a hazing activity is not a defense to prosecution for hazing under this law.

Hazing Amnesty Policy

According to Senate Bill 38, made effective September 1, 2019, Amnesty can be provided to any person who voluntarily reports a specific hazing incident if they report the incident before being contacted by the institution or otherwise being included in the investigation as well as they cooperate with the institution throughout the process. However, this does not apply to those that report a hazing act they have committed or reports in bad faith.

Alcohol Amnesty Policy

The University, in support of the Texas Alcoholic Beverage Commission amnesty policy, affords Amnesty to a minor seeking aid in a medical emergency if the minor (1) requested emergency medical assistance in response to the possible alcohol overdose of the minor or another person; (2) was the first person to request medical assistance under Subdivision (1); and (3) if the minor requested emergency medical assistance for the possible alcohol overdose of another person: (A) remained on the scene until the medical help arrived; and (B) cooperated with medical assistance and law enforcement personnel.

How to Report Hazing or Activities That May Violate Policy?

Any student, advisor, or alumni/alumna can report any activity that they feel violates University, local, or state policy using the [F&S Reporting Form](#). Anyone utilizing the form can report anonymously.

EXPANSION/ (RE)ESTABLISHMENT PLANNING

2021-2022 HANDBOOK

ORGANIZATION EXPANSION/RETURN PROCESS

STATEMENT ON EXPANSIONS AND ORGANIZATION RETURN

The Office of F&SL and Division of Student Affairs supports all council and organization expansions as determined by each specific governing council. When governing councils determine there is a need for expansion the Office of F&SL encourages this growth as it is seen as a positive tool in strengthening the fraternity and sorority community.

The (re)establishment of new and returning organizations will be considered and determined by the need of each council. All fraternities and sororities wishing to expand/return to UTA must follow the Organization Expansion/Return guidelines, the Vice President for Student Affairs will approve all requests.

The purpose of expansion procedures set forth by each governing council is to ensure expansion of fraternity and sorority organizations occurs in a manner which positively reflects the values and mission of the Office of F&SL, Division of Student Affairs & UTA.

All fraternity and sorority organizations must be recognized by a F&SL governing council, the Office of F&SL, and the Office of Student Organizations to be considered in good standing with the university. For a new fraternity or sorority organization to join any F&SL council, at UTA the specific council must be open for expansion, and the application to join must come from a national headquarters.

FRATERNITY/SORORITY CHARTERING

Newly established organizations that followed the Office of F&SL Expansion/Return Policy and Procedure and were approved to colonize on campus must receive and become fully chartered as a member of the University community by the end of their second full academic year. Should a newly established organization fail to meet this deadline, they could lose recognition at UTA.
