

Guide to Returning from Activation/Deployment

Gone Less than a Year

If you've been on orders for less than a year, contact your academic advisor to re-activate your student account and register for classes.

Gone More Than a Year

If you are returning to UTA after serving on orders for over a year, submit a copy of your orders to the Office of Registrar at records@uta.edu and you'll be reinstated. If your orders ending date and re-entry to UTA do not align or you've attended another school while away, you will need to re-apply to the university and pay a new application fee.

Resume Veteran Education Benefits

Meet with your academic advisor to obtain an updated version of your degree plan. Next, obtain a new Certificate of Eligibility from va.gov and send both documents to va@uta.edu. Once enrolled in classes for the upcoming semester, you will need to certify your benefits on the UTA Military & Veterans Services page under "Certify Benefits" located at www.uta.edu/student-affairs/veterans.

Get Connected

Check in with the UTA Military and Veteran Services Center to learn about new opportunities and programs for Military-Connected Students that have developed during your time away.

Welcome Back!
